Hello John,

Enybe Diaz is traveling this week, but she forwarded me your message and asked if we had tickets remaining for the Greenbrier Classic. Unfortunately we no longer have tickets available for July 2 or July 3. However, we can offer you two tickets for either Saturday, July 4 or Sunday, July 5 if either of those days would work with your schedule. You and your son would be welcome. Please let me know if you are interested.

Best regards,

Steve Spence

I look forward to visiting soon. Would you ever be up to meeting with my International Distributors when they are in from time to time. The attention would be great !

As for the tickets I would love to come. Any chance in my bringing my son ? He is 15. Not worries if not. I would have to confirm anyways. He plays baseball, basketball, and football. All are in full swing at the moment for three weeks.

Hi John,

Thank for this email. The week of the 29th will be difficult for me as I will be traveling back from Eastern Europe and then to The Greenbrier Classic.

About The Greenbrier Classic, our program has day-passes available for exporters for Thursday July 2nd. These passes give companies access to the West Virginia Development Office private box on the 18th hole. Food and drinks are offered starting at 7 am. Companies will also be welcome to join the WV reception that evening at 7 pm hosted by the Governor.

Would you or any of your colleagues be interested in a couple of day-passes?

I would still like to continue to try to schedule a meeting with you. I just learned that my colleague Catlin Ashley was there a few months ago with the folks from the Putnam County Development Authority. You may remember some details about our program from that meeting.

Right now we are in the process of accepting applications for a trade mission to Japan and a trade mission and conference in South Africa. If you would be interested in any of these two market, please let me know. I will be happy to give you a better idea of what these events consist of. The application process starts with a market assessment to determine if you should participate. If market feedback comes back positive, then you can decide whether you want to travel to the market with us or not.

I look forward to your feedback.

Have a nice day,

Hi John,

Thanks for the feedback. At some point I would like to opportunity to meet you to learn more about your international business development goals and give you more information about the different services we have available.

Although Eagle Research has clearly been doing a great job entering new markets without our program, I'd like to try to identify if there's a specific activity or product offered by the state of WV you may find useful.

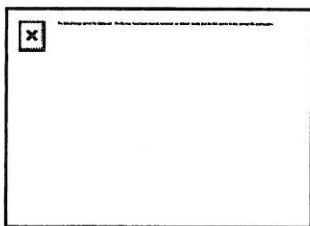

It's also useful for us to know what your markets of interest are for when we are designing our calendar of events.

Here's the link to our 2015 calendar of events. We are taking companies to Africa in September and Japan in November.

Hi Tushar, Hi John,

I hope this email finds you well. I just left you a voicemail Tushar. John, we haven't met before but I'd like to use this opportunity to introduce myself. My name is Enybe Diaz and I am part of the International Division of the West Virginia Development Office. We have a program that we referred to as the Export Promotion Program and we provide assistance to small and medium-sized WV exporters as they expand their international sales. We have many services available, but what we do best is international events to connect WV companies with potential business partners around the world.

One event we are working on at the moment is an "Exporting to Poland" seminar in preparation for our upcoming trade mission to Poland, Hungary and Romania. I noticed on Eagle's website that John, you are the primary contact for the Czech Republic and it made wonder if you'd be interested in these events. As you will be able to see on the attached flyer, our main speaker will be Ms. Barbara Grabowska, Senior Commercial Specialist from the U.S. Commercial Service in Warsaw, Poland, and we will be discussing the following topics:

- Country of Poland overview
- Leading sectors of opportunity for U.S. exports

- Market entry strategies
- Cultural aspects of doing business in Poland
- General overview of CE marking
- Upcoming WV Trade Mission to Poland – (Learn how to get a free market opportunity evaluation for your products in Poland)

We would love to have you and anybody else at Eagle Research Corporation that may be interested in the topic. This event would be a great introduction to our program and other agencies working on behalf of West Virginia exporters.

Although this event is free, we do ask companies to register to keep a count for catering.

Dear Mr. Tanimura,

We are continuing to work on the arrangements for your visit. We have a meeting scheduled with ECA for 5:00 PM on July 1. Mr. Kyle Mork, President, and Mr. Matt Flavin, Senior Vice President will participate. Their brief biographical information can be found on the ECA website <http://eca.com/about.aspx#who-we-are> Mr. Mork will be traveling from Charleston and Mr. Flavin from Denver. At 6:30 PM they will join us for dinner.

Regarding the dress code during your visit, you and Mr. Yamamoto can dress as casually as you wish. Most people attending the tournament will wear short sleeve shirts, casual pants or shorts. However, I would recommend that you bring a sport coat or blazer to wear to dinner. Also, if you wish to visit the casino or casino bar after dinner a sport coat is required.

For July 2, we have the following schedule:

8:30 Larry Meador, Manager, Customer Development & Communications, **Mountaineer Gas**

10:30 Jeff Keister and Don Raikes, **Dominion Resources**

Unfortunately we were not able to confirm a meeting with **Antero** officials. Our contact said they will not be at the Greenbrier at this time. Also, they mentioned that Antero is familiar with Osaka Gas and has had contact with people in your company in both Houston and Japan.

Please let me know if you have further questions. I look forward to seeing you next week.

Hi John,

Thank for this email. The week of the 29th will be difficult for me as I will be traveling back from Eastern Europe and then to The Greenbrier Classic.

About The Greenbrier Classic, our program has day-passes available for exporters for Thursday July 2nd. These passes give companies access to the West Virginia Development Office private box on the 18th hole. Food and drinks are offered starting at 7 am. Companies will also be welcome to join the WV reception that evening at 7 pm hosted by the Governor.

Would you or any of your colleagues be interested in a couple of day-passes?

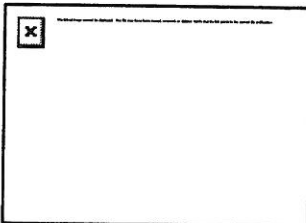

I would still like to continue to try to schedule a meeting with you. I just learned that my colleague Catlin Ashley was there a few months ago with the folks from the Putnam County Development Authority. You may remember some details about our program from that meeting.

Right now we are in the process of accepting applications for a trade mission to Japan and a trade mission and conference in South Africa. If you would be interested in any of these two market, please let me know. I will be happy to give you a better idea of what these events consist of. The application process starts with a market assessment to determine if you should participate. If market feedback comes back positive, then you can decide whether you want to travel to the market with us or not.

I look forward to your feedback.

Have a nice day,

Hi John,

Thanks for the feedback. At some point I would like to opportunity to meet you to learn more about your international business development goals and give you more information about the different services we have available.

Although Eagle Research has clearly been doing a great job entering new markets without our program, I'd like to try to identify if there's a specific activity or product offered by the state of WV you may find useful.

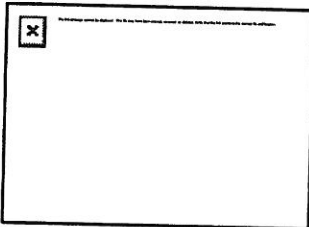

It's also useful for us to know what your markets of interest are for when we are designing our calendar of events.

Here's the link to our 2015 calendar of events. We are taking companies to Africa in September and Japan in November.

http://www.wvcommerce.org/word_trade_ext/events/default.aspx

Would you be interested in trying to set up a time to chat more about this in the near future?

Hi Tushar, Hi John,

I hope this email finds you well. I just left you a voicemail Tushar. John, we haven't met before but I'd like to use this opportunity to introduce myself. My name is Enybe Diaz and I am part of the International Division of the West Virginia Development Office. We have a program that we referred to as the Export Promotion Program and we provide assistance to small and medium-sized WV exporters as they expand their international sales. We have many services available, but what we do best is international events to connect WV companies with potential business partners around the world.

One event we are working on at the moment is an "Exporting to Poland" seminar in preparation for our upcoming trade mission to Poland, Hungary and Romania. I noticed on Eagle's website that John, you are the primary contact for the Czech Republic and it made wonder if you'd be interested in these events. As you will be able to see on the attached flyer, our main speaker will be Ms. Barbara Grabowska, Senior Commercial Specialist from the U.S. Commercial Service in Warsaw, Poland, and we will be discussing the following topics:

- Country of Poland overview
- Leading sectors of opportunity for U.S. exports
- Market entry strategies
- Cultural aspects of doing business in Poland
- General overview of CE marking
- Upcoming WV Trade Mission to Poland – (Learn how to get a free market opportunity evaluation for your products in Poland)

We would love to have you and anybody else at Eagle Research Corporation that may be interested in the topic. This event would be a great introduction to our program and other agencies working on behalf of West Virginia exporters.

Although this event is free, we do ask companies to register to keep a count for catering.

Jeff and Don,

It is great to know you are willing to meet with the Osaka Gas officials. The individuals coming are based in the U.S. and work out of both the company's Houston and New York offices. Their names are Mr. Atsushi Tanimura, Vice President, Osaka Gas USA and Mr. Tadashi Yamamoto (I do not have his title). Due to the difficulty in arranging flights to the Greenbrier they will attend the event for only a short time. They arrive in the afternoon of July 1 and will depart by noon on July 2. We would like to arrange for you to meet with them at 10:30 AM on Thursday, July 2. If that is not convenient for you, we can try another time. They have described this as an introductory, informal meeting and have not indicated what their business interest may be.

We can provide tickets to the Greenbrier Classic <http://www.greenbrierclassic.com/> and a parking pass for you for that day and can hold the meeting in the hotel or in our viewing box on the 18th green. Also, if you have a personal interest in staying longer to attend more of the tournament, we can offer tickets for additional days. I understand the Greenbrier is sold out for most of the week, but if you wish to stay overnight in the area in order to attend more of the tournament, the nearest available hotels likely are in Roanoke, VA, or Beckley.

Please let me know if I can provide additional information at this time. Thanks again for your interest.

Bob,

It was good to see you at the Qatar meeting last week. Thanks for your participation. On an unrelated matter, I'm contacting you to ask if you will be attending any of the Greenbrier Classic. I'm asking because two representatives of a Japanese company, Osaka Gas <http://www.osakagasusa.com/about/index.html> will be attending part of it as a guest of our office. In recent months we have met with the company in New York and in Japan. The company does not have an immediate plan to invest in West Virginia, but we are helping them learn about the state and potential opportunities.

In our discussion with the company about our natural gas industry, they mentioned Dominion and asked if they would have the opportunity to meet someone from the company. Two individuals from Osaka Gas will be attending on July 1 and 2. If you or another appropriate person will happen to be at the Greenbrier during that time, we would like to arrange an informal meeting (probably at the WV Dept. of Commerce viewing box at the 18th green.). If you are not planning to be there, but would be willing to meet them, we would be happy to provide a ticket to the tournament and access to our box for that day.

I appreciate your consideration of this request. Please let me know if I can provide additional information.

Best regards,

Steve

Hi Dave, We got lucky! Thought we were sold out, but we were able to grab 3 more tickets and a parking pass for Saturday. Dinner with us may be a problem because Prime 44 is totally reserved. However, I'm told that as golfers miss the cut they (and their fans) sometimes depart early and cancel reservations. We can definitely host everyone for dinner that night, but we may be at two different tables and/or different restaurants. We can work this out as the date gets closer. Thanks. Hi, Hollie.

A couple of things regarding the Greenbrier Classic after meeting Mr. Yamaguchi Wednesday night and speaking with him this morning:

1 -- Is there any chance to latch onto 3 more Tournament tickets for Saturday, July 4th.

Yamaguchi san, Machino san and Takezoe san will deliver Mr. Kurita to the Greenbrier for his overnight stay about 2 p.m. on Saturday, 7/4. If you can get 3 additional tickets then they can stay to watch the tournament.

They were going to drop Kurita off and then head back to Teays Valley but after some coaxing I suggested it would be better to stay in Beckley. Now they are planning to stay overnight in Beckley (I think the Fairfield Inn but I will confirm that decision later). However, they don't have any clue as what to do after dropping Kurita off at 2 o'clock.

2 -- Also, you and Steve mentioned it might possible to include those 3 gentlemen at the Prime 44 dinner Saturday night with Kurita, Joy and yours truly. If that's the case can you include them in that dinner plan?

Thanks, Hollie. Let me know at your earliest convenience.

Hi, Steve and Hollie.

Couple of things:

Steve: Did you mail the 3 extra Saturday tickets to Yamaguchi at the Eleanor office? I suggested that you were going to either mail them or drop them off as you mentioned. I've alerted people at the office to be on the look out.

Steve and Hollie: Joy and I will be leaving Thursday morning for your neck of the woods. Don't know if we will make it in time for the Red, White & Boots shindig that evening. We'll be staying in Beckley so also that would mean we'd have to double back after the party to the hotel.

Also because Joy has to be at her office by 6:30 a.m. on Monday (7/6) and we'll have a 7-hour drive back on Sunday, we've decided we'll head back early Sunday morning and we won't need the Sunday tickets. Do you want me to overnight those tickets back to you or I can bring them with me and you can alert someone that they'll be available for Sunday.

I'm sorry about that change but it just won't be feasible for us to do all of that driving on Sunday evening.

Let me know and see you soon.

Angela, I'm in Charleston and am heading back to the Greenbrier tomorrow, so please email Mary Jo and Paige directly explaining what you are requesting in terms of restaurant reservations, babysitting and anything else. It shouldn't be a problem. Thanks.

Steve - yes to the babysitter for Giulia. Please let me know if I need to touch base with Paige or MJ or if you will do so. Also, is this service available on both evenings or just one? Thanks, Angela

Dear Stephen-san, Hollie-san,

Thank you very much for inviting to excellent dinner and Greenbrier PGA tournament.
I enjoyed delicious food and fun time to talk to you very much.

Also I got good pictures and hats from Chad.
Thank you very much again.

I am sending two pictures in my phone. (Sorry Hollie-san, they contain just Stephen-san... and data is very big.)

We are going to do our best to grow our business in USA.
We would really appreciate if WV state could support us in many areas.

Best regards,

WV Flood Impact Data

As result of June 23, 2016 Flood

General Information

More than 20 % of our state's counties experienced devastating flooding in June

- Four counties critically impacted
- Twelve counties declared disaster, 5 counties still remain under State of Emergency

23 people lost their lives

- Several hundred rescue missions
- 470 National Guard troops in the field (as of 6/27/16)

Transportation/Highways

Data provided by: DOT

Contact: Harry Bergstrom, Harry.L.Bergstrom@wv.gov

\$56 million in road and bridge damage, plus non-reimbursable costs for inspections and administration

- 1,300 sites on state roads were washed out
- 123 bridges damaged, 15 destroyed
- 250 roads were closed during this event

Stream debris

Data provided by: (Gov. letter to President)

More than \$8 million in State funded stream debris clearance is underway, but likely twice that will be needed for to stream restoration and bank stabilization

Individual Housing

Data provided by: FEMA, FIDA report (Information attached)

Jimmy Gianato

5,130 homes registered with FEMA, approximately 75% of homes were deemed unsafe after inspection, close to 90% did not have flood insurance

- Over 9000 FEMA registrations
- 1,400 homes destroyed, 2,300 had substantial damage
- Over \$45 million total FEMA Verified Loss (FVL), almost \$20 million in total Housing Unmet Need
- Housing repairs and replacements could easily exceed \$160 million
- FEMA estimates average grant award will be less than \$9,000
- Approximately 75% of homes were deemed unsafe after inspection
- Close to 90% did not have flood insurance
- Almost \$50 million in loans have been made

Public Assistance

Data provided by: Jimmy Gianato (Information attached)

- Over \$66 million has been obligated to date
 - Over 46 million for Human Services
 - Almost \$20 million for Infrastructure
 - Almost \$66 million in disaster costs in 2015

VOAD Long Term Recovery

Data provided by: Jenny Gannaway, VOAD

Contact: jennygannaway@frontier.com

- **Max grants** are 289, these families received everything available from FEMA. Families receiving the max grant will need at least \$10,000 to \$15,000 more in help to fully recover. This would average out to **\$3,468,000** (at \$12,000 per family).
- **Private Bridges** – $207 \times \$15,000 = \$3,105,000$ (using skilled volunteer labor). We feel at least 100 of the 207 will need help replacing their private bridge. That would be **\$1,500,000**. This was the average for the private bridges we have already built.
- **Rebuilds** – Using skilled volunteer labor we can rebuild a 3 bedroom 2 bath home for **\$45,000**. This includes everything, elevating the home above the flood plain, mitigation, two decks. All homes are built ADA compliant. Through disaster case management we work with the family to put their FEMA money towards the cost of the home. We know of **450** plus homes that will need to be rebuilt.
- **Long Term Recovery Groups** – 8 groups covering the 12 declared counties. One State Long Term recovery Group covering the undeclared counties.

Public schools

Data provided by: Jimmy Gianato

- 35 schools damaged
- 5 destroyed and will need replaced at a new location out of the floodplain

Tourism

Data provided by: WV Tourism Office

Contact: Amy Goodwin

OVERVIEW

- 44 tourism industry members (from 9 counties) shared completed surveys showing some type of impact from the June 2016 flooding.
- The affected areas (based on survey results) include: Fayette, Greenbrier, Kanawha, Mercer, Monroe, Nicholas, Pocahontas, Putnam and Randolph counties.

KEY FINDINGS (as reported in survey responses)

- Operations disrupted or businesses closed: 1 to 40 days / 7 days being the average.
- Estimated number of visitors lost: nearly 34,000
- Estimated loss of revenue: nearly \$22 million
- 19 respondents indicated their employees were unemployed anywhere from a few days to a few weeks
- Primary immediate and/or long-term infrastructure needs included: road repairs, basement and parking area clean-ups, debris removal, and general repairs.
- While most respondents were not directly impacted by the flooding, many were impacted by either impassable routes, cancellation of events, or perception that the entire state was under water
- Water related attractions such as lakes, rivers, and rafting outfitters saw significant declines in business for reasons including high waters eliminating access (during flooding) and perception of high water (even after waters receded).

Loss of revenue documentation for the Greenbrier Classic:

Numbers about the economic effect of the cancellation of the golf tournament, that includes two programs, are not yet determined. But from economic development experts to tourism officials, the consensus is that effect of the Classic is "priceless."

In 2011, an economic impact study of the first tournament showed an overall economic impact of more than \$111 million.

The study, "The Greenbrier Classic: Impacts and Opportunities," said the week generated \$2.5 million in tax revenue for West Virginia, with attendees spending \$21 million on lodging, shopping, food, tickets, transportation and other entertainment.

West Virginia Secretary of Commerce Keith Burdette told The Register-Herald this week that the tax revenue from the Classic is a fraction of the benefit it brings to the entire state.

Greenbrier County, with a 3 percent hotel/motel tax, has seen a bump in collections for July occupancy taxes every year since the Classic began. Those numbers also include lodging establishments like the Fairfield Marriott, Holiday Inn Express, Hampton Inn and Quality Inn, where the occupancy tax is doubled inside Lewisburg's city limits. (This tax revenue was lost due to the cancellation.)
